

AAC GALORE VB SPRING WHEAT

AAC Galore VB is a new soft white spring wheat bred by AAFC at the Lethbridge research station. With improved yield and disease resistance.

STRENGTHS:

- Overall higher grain yield than AC Andrew (+4%), and Sadash (+12).
- Significantly higher yielding under dryland: AC Andrew (+5%) and Sadash (+13%).
- Higher test weight than AC Andrew
- Good resistance to stripe rust and stem rust.
- Intermediate resistance to FHB (an improvement over checks)

Co-op Registration Trials

Variety	Yield	Height	Maturity	Lodging	Test Weight
AC Andrew	108	79.2	100.6	3.4	77.2
Sadash VB	100	79.4	99.5	3.8	78.4
AAC Galore VB	112	80.1	100.4	3.3	78.1
